The Grove Park Inn Resort & Spa is one of the South’s best-loved resorts. Built in 1913 with granite stones mined from Sunset Mountain, the resort overlooks the city of Asheville, N.C., and provides majestic views of the Blue Ridge Mountains. With its distinctive undulating red clay tile roof and original Roycroft furnishings and fixtures, The Grove Park Inn captures the essence of the Arts and Crafts movement. Throughout its massive lobby, words of inspiration from noted authors and anonymous sources are etched in stone.

The pure mountain air, impeccable service, and unparalleled cuisine have attracted visitors by the score, from William Jennings Bryan, who delivered the keynote address at the inn’s opening in 1913, to Thomas Edison, Will Rogers, Henry Ford, F. Scott Fitzgerald and 10 U.S. Presidents.

Handouts

The CNM Symposium has gone paperless! This paperless format means that there will no longer be an educational session handout book. Instead, all registrants will receive instructions after they have registered to attend the symposium on how to access session handouts. With this online format, speakers will have the flexibility to offer additional resources previously not printed in the handout book due to space restrictions and will allow attendees time to review educational session handouts prior to the symposium. Please be sure to download the handouts prior to traveling to Asheville, as complimentary Internet will not be provided in the meeting room.
At the end of the 20th century, The Grove Park Inn underwent a major renovation, adding an amazing 45,000 square foot spa including hot tubs, whirlpools, wet and dry saunas and expanding its outstanding sports complex. Five restaurants, live music and comedy, and a Donald Ross-designed golf course headline a long list of incentives rivaled only by the timeless beauty of the surrounding Blue Ridge and Great Smoky Mountains. An outpost of the Nantahala Outdoor Center welcomes groups on-site, offering everything from guided fishing and white-water thrills to zip-line adventures.
